Versatile

The 350° rotating chair features fully upholstered arm rests that swing upward, a positive-locking headrest that supports the patient throughout the recline range, and a large footrest to accommodate easy chair access.

Maximum Comfort

The Reichert Advantage Tilt Chair provides comfortable one-handed patient positioning at any inclination between upright and supine. The sealed hydraulic system makes the transition up and down a smooth, easy operation, activated by means of a release switch conveniently located on the backrest control panel.

Advantage Tilt Chair Features:

- 350° rotation
- Modern ergonomic design
- Sealed hydraulic system
- Stop switch for transitional positioning
- Easy to clean upholstery
- Fully upholstered arm rests that swing upward
- Large foot rest and positive-locking headrest
- Stainless steel kick plate for added durability
- Release switch located on the backrest control panel
- Quiet hydraulic elevation system for smooth, effortless chair elevation
- Right or left handed installation increases chair and stand flexibility
- Chair elevation can be controlled with the footswitch, from the stand control console, or from the lower instrument arm
